2. Since his disability has been accepted by the Medical Division, there is no legal objection to payment in accordance with [REDACTED] Regulations. However, we wish to point out that the authority contained in [REDACTED] is specifically delegated to the appropriate Assistant Director, and adds "this authority is not redelegable."

3. Your memorandum has been approved by [REDACTED] "for ADPC." Since he was not acting as the ADPC, we do not believe this approval is in compliance with the [REDACTED] Regulations, and suggest that the approval of either the ADPC himself, or someone acting as the ADPC, be obtained and the file then submitted to the Certifying Officer for payment.
